I might have to settle for Dan Furie reading the document to Dave Wirtschafter for his conversation with Becky Pollack. Dan said it's an internal memo and he can't release it. We can get it if there is litigation

Tom just called. As were about to hang up the phone... He drops this little slice on to the tray:

Dan Furie informed Tom that there is an internal Warner Bros. memo from Sydney Pollack to the studio telling them to give me the film.

It was a long week... But Tom McGuire wins the week.

thank you.
